SUMMARY

As a Computer science and engineering graduate student, I have a knowledge in software development. Currently strengthening my DSA problem solving skills, and I am great at solving bugs in life as well as in Coding.

PROFESSIONAL SKILLS

- Full-Stack
- UI/UX
- Programming

TECHNICAL SKILLS

- Node.js
- React & Tailwind
- Python & TypeScript
- DSA

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

2022 - 2026

Kamaraj College of Engineering and Technology

- Year of Passing: 2026
- CGPA: 7.18 / 10

EXPERIENCE

Web Development Intern | Notasco Technologies India Pvt Ltd

Jun 2024

- I gained experience in the software industry and learned concepts related to software development.
- I Learned how to create websites, including e-commerce.
- Gained more knowledge in software development

PROJECT

Gemini Clone – AI Chatbot Web Application

Dec 2025

- I build the cloned version of the Gemini-AI Chat bot using its API.
- I learned how to integrate AI into software.
- The project may look simple, but it gave me a lot of hands-on experience in software development.
- Understanding the mechanism of fetching responses and displaying them on the screen taught me a lots of knowledge in a single project.

LANGUAGES

- English & Tamil

AWARDS/ACTIVITIES

- Data Structures & Algorithms using Python – Udemey
